

Dear Mam/Sir,

Happy greetings of the day!

Kiddie Cove, a contemporary pre-school carries the promise of a child-centric environment backed by years' experience in school education. At Kiddie Cove we believe that when one develops a love for learning, one never ceases to grow.

For us, LOVE as a catalyst ignites LEARNING, and the two always walk hand-in-hand.

Through love, we instil purpose. And this is how we are able to harness a child's social and cognitive skills.

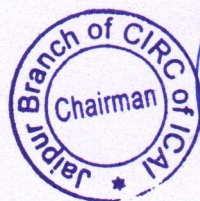

We teach with love and help children learn with love. So that they LEARN to LOVE, and LOVE to LEARN.

As per our telephonic conversation we are ready for the empanelment of our school in your ICAI Jaipur branch. We have decided to join hands with you and waive off the **admission fees and 10% discount** on the tuition fees of the child for the no. of years the child is enrolled in our school to all the parents approaching us through you. Looking forward to hear from you and get a response from your end soon.

Regards

Monica Bengani
