Subject: Request for empanelment of Dental Clinics in Jaipur.

Respected Sir,

DENTAL SOLUTIONS® has been working in the field of Oral Health Care for over 15 years with a team of eight specialists. Our first centre was established in January 2008, keeping in mind the growing need and demand of specialty treatment in the field of dentistry. We now have three well equipped centers in the city which are well located in Mansarovar, Shyam Nagar and Bapu Nagar. One more center is being planned and will be operational shortly.

The hospital is headed by Dr. Gunjan Singh, M.D.S. , Dr. Vaibhav Nepalia, M.D.S. and Dr. Nidhi Mishra (Facial Aesthetic Specialist), along with six more specialists to cater and treat the wide variety of patients. Our team of specialists covers every clinical branch of dentistry and facial aesthetics.

DENTAL SOLUTIONS® is equipped with the latest and most advanced equipment and utilizes materials approved by FDI (U.S.A.) to provide the best treatment to our patients. An associated state of art dental laboratory reduces our patients waiting time for prosthetic facility considerably. All centres are fully air conditioned, have a comfortable waiting lounge, digital imaging facility, computerized diagnostic facility and audio visual aids for patient education about dentistry and treatment needs.

We request you to kindly empanel our clinics so as members of your organization can utilize the services related to oral & dental health, Orofacial Pain and Facial Aesthetics. A flat 12% discount on all in-house procedures shall be applicable to patients who are members of ICAI.

Regards,

Dr. Vaibhav Nepalia, M.D.S.
